

OMKAR UMESH PARMEEKAR

◆ Data Analyst ◆

+91 9309079247 • parmekaromkar0208@gmail.com • linkedin.com/in/omkar-parmekar • Mumbai, India

◆ PROFESSIONAL SUMMARY

Analytical and detail-oriented Information Technology graduate with hands-on experience in SQL-based data extraction, Python-driven exploratory analysis, and Power BI dashboard development. Proven ability to clean large-scale datasets (271,000+ records), identify business-critical trends, and communicate findings through interactive visualizations. Delivered quantified insights across hotel revenue management, e-commerce operations, and EV market analysis. Seeking a Data Analyst role where strong foundations in data storytelling, KPI tracking, and business intelligence can drive measurable impact.

◆ TECHNICAL SKILLS

Data Analysis & EDA: Exploratory Data Analysis, Data Cleaning, Statistical Analysis, Trend Analysis

BI & Visualization: Microsoft Power BI, DAX, Advanced Excel (PivotTables, Power Query, VLOOKUP)

Databases & Querying: SQL (Joins, Aggregations, Window Functions, Subqueries, Views), MySQL, SQLite

Programming: Python (Pandas, NumPy, Matplotlib, Seaborn)

Business Intelligence: KPI Dashboard Design, Dynamic Pricing Strategy, Inventory Analysis, Data Storytelling

Soft Skills: Problem Solving, Analytical Thinking, Communication, Team Collaboration

◆ PROFESSIONAL EXPERIENCE

Imarticus Learning | Data Analyst Intern

2024 | Mumbai, India

- ▶ Cleaned and transformed multi-dimensional raw datasets, resolving missing values, outliers, and structural inconsistencies to ensure analytical accuracy.
- ▶ Built Power BI reports and Excel dashboards surfacing actionable business insights, presented to stakeholders for decision support.
- ▶ Conducted trend analysis on operational datasets, identifying performance gaps and recommending targeted optimizations to key metrics.
- ▶ Collaborated within a structured analytics team on guided capstone projects covering end-to-end data analysis workflows.

Humble Walking | Technical Support Intern

2023 | Mumbai, India

- ▶ Diagnosed and resolved recurring operational issues by analyzing system logs, documenting root causes, and standardizing resolution workflows.
- ▶ Maintained data accuracy of internal support records, enabling pattern identification for proactive issue prevention.

◆ DATA ANALYSIS PROJECTS

Hotel Reservation & Revenue Analysis — Power BI, DAX, Excel

- ▶ Analyzed 36,275 hotel bookings to evaluate cancellation patterns, guest behavior across market segments, and seasonal ADR fluctuations.
- ▶ Diagnosed a 32.76% cancellation rate and 57-day median lead time, producing data-driven recommendations for tiered cancellation policies and overbooking buffers.
- ▶ Developed dynamic Power BI dashboards tracking Average Daily Rate and revenue by segment, enabling management to simulate dynamic pricing scenarios for peak months.

E-Commerce Operations Analysis — *SQL, Multi-Table Schema*

- Engineered complex SQL queries across a 4-table relational schema (Users, Orders, Products, Shipments) to produce business intelligence from raw transactional data.
- Analyzed monthly order volumes, carrier performance, and product ratings to surface top revenue streams and underperforming shipping routes.
- Delivered inventory optimization and targeted marketing recommendations based on customer purchasing segment analysis.

Historical Olympic Athletes EDA — *Python, Pandas, Matplotlib, Seaborn*

- Performed rigorous EDA on 271,000+ records spanning 120 years of Olympic history, applying preprocessing to handle missing values and data standardization.
- Visualized long-term participation trends revealing exponential global growth and historical gender equality progression in athletics.

Electric Vehicle (EV) Market Analysis — *Power BI, Business Intelligence*

- Designed an interactive Power BI dashboard visualizing EV adoption rates, market segment breakdowns, and growth trajectory to support strategic planning.

◆ EDUCATION

Nirmala Memorial Foundation College | BSc — Information Technology 2023–2026 | *Mumbai*
CGPA: 9.25 / 10 • Final Year Completed, Awaiting Results

◆ CERTIFICATIONS

- Data Analytics & Visualization Job Simulation — Accenture North America (Forage)
- Cybersecurity Analyst Job Simulation — Tata Group (Forage)
- Data Visualization & Data Science Internship — Imarticus Learning
- Python Programming Certification — NMFC

◆ LEADERSHIP

- NSS Volunteer — 2 years of community service, event coordination, and awareness campaign management.
